SCOUTS ON VIDEO!

A Scouting Approach to Rock Climbing

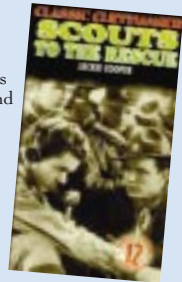

This video is an awesome, informative presentation by a Scout troop with loads of high adventure experience. All of your Scouts will learn and be inspired by Troop 381 of Prairie Village, Kansas as they teach rock climbing in a practical way for Scouts. This troop knows their stuff: they have been to Mt. Kilimanjaro in Africa and some of the highest peaks in America. It is also a great motivational video to show Scouts that this program knows no limits.
